## THE

AMERICAN HAY TEDDER Is simple in construction, durable, has a light draft, and is, in fact, the ouly perfect Hay Maker ever invented. The introduction of this new and important invention marks a new era in the operation of hay making, effecting as it does, an immuse saving of time and labor at a season when when they are of incalculable value to the farmer,

Middlebury, May 30, 1868.

R. SAYRE

Revisions, consisting of Flour, Tess, Coffees, Spices, Sugars, Molasses, Syrup, Butter, Cheese, Lard, Candles, Citron, Figs, Fresh canned and dried Fruits, Cream Tartar, Soda, Saleratus, Clark's Yeast, Corn Starch, Farins, Tapicoa, Sago, Vermicelli, Chow Chow, Pepper Sauce, Pickles, Vinugar, a variety of Fish, Korosene Oll, Soaps, Candles, Nuts and Tobacco, Cigars, Snuff, and other articles too numerous to mention, which I am offstring to the public at a Bargaiu. Flease call and examine before purchasing.

CASH PAID for good Prime Butter any day in the week at the highest market price, delivered at my store, Post Office Block.

Middlebury, May 30, 1868. THE AMERICAN HAY TEDDER

THE AMERICAN HAY TEDDER
is mounted upon two drive wheels, is furnished
with sixteen spring torks attached to a light reel,
which revolves rapidly, turning and distributing
the hay in the most thorough manner. Treated
in this way the hay dries quickly and evenly, and
is cared ready for the barn early in the day on
which it is cut.

One of the strongest recommendations of the
American Hay Tenders is its very great care of
draft, while the driver sits on the seat with
both hands at liberty to bold the reins. The
draft is by actual test, but 150 pounds in the
stoutest grams.

stonest grass.

The simplicity and durability of these machines is unequalled. They cannot clog or easily get out of order; and they will last for years. THE AMERICAN HAY TEDDER

Pleases everyone who has used it, or seen it in operation, and it is recommended by many of the largest farmers of New England as the very best machine ever invented.

Call and examine and invertigate the proofs.

J. DAVENPORT, Agent.

## DERRYS GOLD MEDAL MOWER

Triumphant in the field at the Great PARIS EXHIBITION,

A. D. 1867, having cone its work quicker, easier and better than any other machine among nine teen competing, it received one of the highest

BRUSHES, Flesh Brushes, Hair Mittens and
Crash Towels, Ivitant Brushes, Leather Brushes,
Hat Brushes, and a large assortment of Combs,
can be found at
RUSSEL'S

teen competing, it received one of the highest prizes.

The Commissioner from Massachusetts pronounced it as "undoubtedly the best machine in the Exposition, "the flavorite of the people," "worthy et the highest prize." The President of the Imperial Conservatory of Arts and Trailes, in Paris, presented the inventor with a plate of Honor in testimony of this approval.

In our own country it has competed success fally with the test machines.

The Committee of the Rhodo Island Scolety in October, 1866, awarded to Mr. Perry a Gold Medal.

At the New England Society and Vermont State Fair in 1896, cleven machines were entered, including Wood's, Buckeye, Clipper, Granife State, Eniffen, &c., and the highest price awarded to the Perry Mower.

After a thorough trial in the field before the Worcester Country Association, the Judges award.

Worcester County Ass clatton, the Judges award at this Machine the highest prize, a Silver Meda

in 1868.
At the great New England Agricultural Society and Rhode Island State Fairs, held at the Narra gauset Park, near Providence R.I., in September 1867, it has been awarded the Highest Prize. It has also been awarded the First Prizes at the Bristol County Fair, Middlesex Agricultural Society, and Eastern Hamplen Agricultural Society, and Eastern Hamplen Agricultural Society, in Mass., and at other Pairs in the United States.

J. DAVENPORT, Agent.

## BURTS SELF-ADJUSTING

Contains important and valuable improvements not possessed by any other Rake.

It has been tested by competent judges, and prenounced superior to any other Metalic Tooth Horse Rake.

It is best adapted to either light or heavy crops,

HORSE RAKE,

It is been adapted to either light or heavy crops, or rough or smooth land, and is more readily adapted to the various weights of operators. It is so constructed that the draft tends to hold the rake down just by propertion to the accomplisation of hay, without any attention from the operator.

tion of hay, without any attention from the operator.

It is very simple in its parts and may be readily understood by the unskillful, while its operation is very easy and natural. It is admirably adapted or the gleaning of grain, as the teeth may be elevated any distance from the ground and kept in their position.

For Ease of Operation, Simplicity and Durability, 7855 RARE stas so Equal. Such is the testimony of the best judges.

This Rake will bear careful examination and sudura the test of thorough trial. Call and see a sample . DAVENPORT, Agent.

38,519-66
Having taken the agency for this Company in the towns of Brandon and Sudbury, in Rutland County, and all of the towns in Addison County, but Ferrisburgh, Monkton and Lincoln. I propose to devote my whole time and attention to the business of insuring for said company, and hope to be able to meet the wants of the rubble in this to be able to meet the wants of the public in this department much better than if I made it a secondary business. Any person residing in the above county desiring to be insured anew, or changs their old Policies, by giving me a day or two softice, by letter, will be attended to without delay, and at as cheep a rate as if I lived in their own town.

GEORGE V. N. C.

After twenty years experience in the manufacture of stover, we became convinced, some six years since, that a vast amount of money was being expended by the people of this country, in burying cheep and sincert worthless stover, a large portion of which was wasted, and that true economy consisted in buying the test stoves that could be made, methwith-familing the price was higher. With this view we proceeded to construct the American Cooking Stove, and spared no pains or expense to make it the best and most perfect stove that could be made. And we have experimented with it, and carefully watched its operation for the last sky years, and when an improvement suggested itself, we have at once adopted it, and we have several of these improvements ascared by letters patent. In this manner, we do not heditate to say, we have brought it to a higher state of perfection than has herefore been attained in cooking stoves. The recent improvements in this stove has added largely to its convenience and effectiveness. In all the varieties of stoves we meanufacture, we study mediuless, durability, convenience and economy in operation, rather than chemines in tries and his order we often as do for we GEORGE N. DIKE Agent. Bristol, Vt . October 28, 1866. 5:1y All persons indebted to me are requested to call and settle. Accounts from six months to a year or more old, must receive immediate attention, or it will be nacessary for us to employ agencies, which we do not wish to use, in order to ure our rights. Middlebury, Vt., August 17, 1867.

rability, convenience and economy in operation, rather than cheapness in price, and in so doing we are satisfied we study the interest of those pur-A SPLENDID OPPORTUNITY

The Honorable Nathan K. Hall, Judge.

The Honora

Jacob H. Shear & Joseph Packard)

George B. Bill & John M. Rockwell

It is further ordered, adjudged and decreed, that a perpetual injunction be issued in this suit against the defendants, restraining them from further intringements of said Patent, No. 51,406, dated Dec. 5th, 1805, for improvements in cooking stoves pursuant to and in accordance with the prayer of the Bill of Complaint.

(Signed)

A. A. BOVER, Clerk.

The above suit was instituted for infringement of the Patent securing the manner of fitting the ash pan in the hearth of the American Cooking Stove, and for the combination of the tailed ash pan. We have repeatedly cautioned the public sgainet selling or using stoves with these improvements not manufactured by us. All persons now selling or using stoves with these improvements not tannufactured by us. All persons now selling or using stoves with those improvements in violation of the above injunction, without licensense from us, will be liable to fine and imprisorment, Sersan Packard & Co., Albany, N.Y.

ESTABLISHED IN VERMONT IN 1858

DR. JORDON,

In all their forms by an examination of the Urine of the patient.

A clear vial containing two or more enaces of Urine, the first passage in the morning, with name and are of the patient, (as a record of each case is kept,) will enable us to treat the case in quastion.

All sores and diseases that come moder a Sargheal head, require a personal examination.

Particular attention paid to Female Complaints, Irregularities and Obstructions, and all diseases of a delicate nature may be trusted without a botrayal of confidence.

Specimens sent by express, menald with one

betrayal of confidence.

Specimens sunt by express, prepaid, with one dollar enclosed, promptly attended to and the remit sent to the patient.

Remedies highly concentrated, chemically prepared and purely vegetable.

The Every Saturday in the months of Angust, September, October and November, the office will be closed.
